Dr. Guerrant Here.

Dr. Guerrant, founder of the Orphans' Home here, and one of the best known men in his line in the state, paid a visit to the Home Saturday and looked over the grounds and buildings. Dr. Guerrant expressed himself as well pleased with everything and praised Mr. Schirmer, the superintendent, very highly. Since coming here a few weeks ago, Mr. Schirmer has been an indefatigable worker, and has finally got things round the Home into pretty good working order. The land is all under cultivation and many improvements have been made, while the discipline of the children has undergone a much needed change. It is regrettable that Mr. Schirmer cannot stay longer to carry out some of the many plans he had in view for improvement of the institution and the benefit of the children, but we understand that he will be transferred to another place very shortly, although he may return here at a later time.

Moves to Danville

"I. G. Jackson, The Messenger's valued foreman, has moved his family from Harrodsburg and taken the residence owned by Mr. Cox, of North Third street, located just beyond the K. O. W. Mr. Jackson is one of the best and most reliable men The Messenger has ever had, and we are, indeed, glad that he has decided to make Danville his permanent home." — Danville Messenger.

Mr. Jackson is well known here, having been raised in this county. His father still lives on Hardwick's Creek, and he comes here once or twice a year to enjoy the fishing. Mr. Jackson was formerly connected with the Clay City Times, and is well liked by all who know him.

A. T. Stewart, of Stanton, candidate for the Republican nomination for Representative, was in town Monday.

Married in Lexington

Mr. Joe Mountz and Miss Gertrude Vollmer essayed to "put one over" on their friends Wednesday by slipping away to Lexington on the noon train, and getting married there. The news, however, leaked out, as such things will, and the result was that the young people were accompanied to the train by a good crowd of the younger folks, who wished to see them safely off on their journey.

The ceremony was performed in Lexington at 3.30 at the home of Rev. O. J. Chandler, pastor of the M. E. Church, and who was formerly pastor of the church here. The bride is the daughter of Mr. and Mrs. E. C. Vollmer, and is one of Clay City's most charming young ladies. She has been quite active in church work and is an enthusiastic member of the Ladies' Aid. The groom is known throughout the county as one of our most promising young business men, and is also a member of the Clay City Band.

After the ceremony the young couple left for Cincinnati and other points, where they will enjoy themselves for a short time before returning home. The Times joins their many friends in extending the heartiest congratulations to the happy pair.

Band Will Play At Stanton.

The members of the Clay City Band will go to Stanton Monday night to play at the Commencement exercises at the College. Our band is coming along fine, and for the time they have been practising, have made a wonderfully good showing. A good crowd is sure to turn out to hear them.

Fish and Game Law is Enforced.

Deputy Game Warden J. W. Creed, of Stanton, was down here a couple of days last week, looking up some evidence against those who dynamited the river. Mr. Creed is determined to catch the guilty ones, and every fisherman will be behind him in his effort to bring them to justice. In the upper part of the county several have been caught seining, and a short time ago a forty-foot seine was destroyed. As a result of Mr. Creed's good work about twenty indictments will be returned by the next Grand Jury. Mr. Creed is a good officer, and the law abiding people of the county will uphold him in his efforts to protect our fish and game.

Fire at Powell's Valley.

The home of Collie Alexander at Powell's Valley, narrowly escaped destruction by fire Monday. The blaze started from a defective flue and had made good headway before being discovered. The roof of the building was almost burned off, and considerable damage done to the contents.

STANTON.

(By P. O. Derthick.)

Rev. J. C. Hanley preached at Midway last Sunday morning and evening. Jonett Boone, of Louisville, is home for a two weeks' visit with his many friends and relatives. Jonett looks fine, and likes his work.

Colson Blackburn is home for the summer vacation from his school in Louisville.

Mrs. S. D. Hall, of Lexington, visited R. C. Hall and Mrs. Sis Hall this week.

Mrs. Ross Hall and Mrs. Morgan Lyle made a business and shopping trip to Lexington last Thursday.

Miss Tina Derickson is very sick. She with her mother and sister have moved to the rooms over the Post Office so as to be near Dr. Johnson who is waiting on her.

Mr. and Mrs. Jesse Crowe and son Charley were in Winchester last week where they went to buy household and other goods. They have moved into the house owned by Virgil Atkinson.

Mrs. Bettie Hardwick returned Thursday from a visit to her son, J. H. Hardwick in Winchester.

Miss Labe Knox returned home Thursday from Lexington where she went to be examined as to the recent operation she underwent.

A. M. Lowe, of Rosslyn, visited his sister, Mrs. Grant Frazier, this week.

Mr. G. B. Conlee was in Lexington last week and had his eyes examined and fitted to glasses. He had the misfortune to lose the glasses Sunday during the basket dinner at the Christian Church.

Mrs. Prewitt, of Winchester, returned home Monday after visiting her daughter, Mrs. Fred Blackburn.

Floyd Clay, of Mt. Sterling, visited several days with his aunt, Mrs. Bettie Hardwick, and other friends.

Mrs. Romey Martin, of Gordenton, is visiting Marion Martin's family. Thos. Boone is also visiting them.

Dr. Lemming was at Filson Monday on professional business.

Don't forget the District Sunday School Convention at Nada the fifth Sunday in this month. All are cordially invited to attend, and the people of Nada are expecting a good crowd.

Carl Welch left two weeks ago for Woodward, Okla., where he expects to secure a position. Arthur Johnson, who was a student here two years ago, and who is well remembered by a host of friends here, is at Woodward and he will graduate from high school next week.

It is rumored that Rev. Sherman Robbins will make the race for Railroad Commissioner from the Third District. We think Mr. Robbins is making a mistake to enter this race as the district is composed of 47 counties, and it requires a man of powerful political influence to land this plum.

Miss Grace Maxwell and her mother, Mrs. A. T. Knox, returned this week from New York, where they visited Miss Mina Knox, who is attending a bible training school. They also attended the Commencement exercises of Princeton Seminary where Rev. Mr. Shearer, a former teacher at Stanton College, graduated this year.

Our game warden is hard after the parties that have been dynamiting fish in Red River. It is too bad that people will dynamite fish as it is such a terrible destruction to hundreds of

other fish too small to be caught. If there would be no dynamiting it would not be long till the river would be full of fish for everybody. Mr. John Creed offers a reward of \$25 for every one caught dynamiting fish and being convicted.

The Thirteenth District Sunday School Convention of the Christian Church was the best one ever held in the district. The speakers were excellent and from the attention given them the people must have received great good. Sunday was the banner day, with over 325 in Sunday School. The Presbyterians graciously gave way and showed splendid fellowship mingling with us. Over 400 took part in the basket dinner and there was an abundance for all. The officers for the following year are: Paul Derthick, President; W. L. Irvin, Jackson, Vice-President; Miss Rose Coldiron, Hazel Green, Secretary and Miss Lillie Boone of Stanton, Asst. Sec. An auxiliary of the C.W.B.M. was formed, with Walter Thacker, Pres., Miss Lillie Boone, Vice-Pres., and Miss Anna Clark as Secretary. A large number of delegates from the counties in the district attended. The next convention will be held at Jackson.

The College Commencement exercises, the program of which appears on this page, starts tonight. Everybody should hear the lecture on the fly, by Dr. Johnson. It will be given Saturday night, and will be illustrated with stereopticon views, shown by Prof. E. C. Sleeth. Come and hear how many prevalent diseases can be avoided by looking closer after the fly.

An admission fee of 25 cents will be charged to the Gold Medal contest and Band Concert Monday night, but this should not deter anyone from attending. The expenses of Commencement week are heavy on the college and this will only partially defray them.

Misses Maxie and Daisy Johnson, Margaret Lyle, Margaret Mansfield, Lucile Todd and Mrs. Earl Sleeth attended the Inter-scholastic contest at Lexington three days of last week. There were one hundred and ten en-

tries to these contests and a Stanton student won a place on the finals in all of the contests. Miss Maxie Johnson won a place in the finals on reading, Miss Lucile Todd on piano solo and Miss Margaret Lyle won third place on the vocal solo. We are real proud of all these young ladies and we feel that Stanton College is highly honored in thus being represented. It was a honor to be even able to get on for the finals and we congratulate all of them their very signal success and especially to Margaret Lyle for winning third place in vocal solo contest. The best high school talent of Kentucky was represented in these contests and this shows the splendid work Stanton College is doing for our students. There were a great many of the schools of Kentucky that did not even have one of their students get on the finals, while Stanton had three. Hats off, everybody, to these young ladies who have so highly honored our town and college.

All the readers of The Times as well as the writer, extend to the editor our congratulations for the added responsibilities he has assumed, that of the new arrival in his home.

The Natural Bridge excursions start next Sunday, the first train from Cincinnati coming through then. This year the excursion trains will stop here on their way back, thus giving our citizens a chance to enjoy themselves for the entire day. Messrs. Joe and Taulbee Mountz will, as formerly, have charge of the refreshment booth, and are busy this week fixing up for the opening. The railroad company has added many improvements to the grounds and buildings and a good season is anticipated.

D. H. Matherly preached Sunday at Pharis Hill, Clark county.

Chief Deputy Jailer Aided.

Pat Donahue, of Jefferson County, is Benefitted by Tanlac.

Louisville, May 19—Pat Donahue, Chief Deputy Jailer of this, Jefferson County, a man of unquestioned honesty and integrity, is among well known Louisville people who endorse Tanlac, the new medicine that is accomplishing such remarkable results in this city. Mr. Donahue's statement is as follows:

"It gives me great pleasure to recommend Tanlac, as I have found it quite beneficial in my case. I have used the medicine for a general rundown condition of the system."

The demand for Tanlac, the preparation referred to by Mr. Donahue, is now very great in Louisville, and is steadily increasing. In this connection, L. T. Cooper, who is personally directing the introduction of the famous medicine said:

"I am, indeed, gratified to see such marked enthusiasm, as I now feel justified in my prediction that Tanlac would prove just as successful in Louisville as it has in larger cities. The system, besides being purified by Tanlac, is toned up and invigorated, as the preparation, aside

from assisting the blood, reinvigorates constitution, overcoming, as it seems to quickly do, nervousness, indigestion, nonassimilation of food, headaches, backache, dizziness, kidney complaints general rundown condition of the system, and many other complaints that are so common to thousands in this section.

"Tanlac is especially valuable in catarrhal affections of the mucous membrane, which I consider the foundation of most ailments and diseases. People who are affected with catarrh of the head, throat and stomach are generally moody and depressed, with an occasional dull headache, accumulations in the nose and throat, affected memory, and a depreciated sense of smell and taste, which finally results in an affected hearing."

Tanlac can now be bought in Clay City at Eaton & McGuire's and in Stanton at Hardwick & Co.

An unknown man was found dead in the outskirts of a small Kansas town recently. A revolver and \$100 cash were found on his person. The coroner held an inquest and it took \$75 to defray the expenses and bury the body. The police judge fined the corpse \$25 for carrying concealed weapons and confiscated the gun. The local editor, who published the obituary, got nothing.—Altoona (Kan.) Tribune.

John Deere No. 999 Planter

"OBLIQUE SELECTION" is the name given this perfect seed dropping device which repeated tests show is as far ahead of the old edge drop as the edge drop was ahead of the round hole plate. It takes its name "Oblique Selection" from the fact that the surface of the hopper bottom and the openings to the seed cells are oblique or sloping. With the old edge drop the kernels had to be tipped on edge before they could enter the cells at all. The weight of the corn in the hopper interfered with this action—consequently cut down the accuracy. By doing away with the necessity for tipping the kernels over into a narrow, vertical channel and having in its place the gradual sloping walls, the weight of the corn, or gravity, helps instead of hinders the movement of the corn entering the cells of the seed plate. Each cell therefore fills more readily.

With the new John Deere Oblique Selection, the seed is handled in a more natural and simple manner. It has been called the "NATURAL" DROP because the kernels of corn as they lie on the bottom of the hopper naturally move toward and slide into the cells. In other words, with this drop the weight of the corn is turned to advantage.

Nothing will ever take the place of accuracy in a corn planter. The shrewdest corn growers have realized this for some time and the demand for corn planters that will demonstrate their accuracy in drop has steadily increased. Do not buy any corn planter without testing its drop for accuracy.

VARIABLE DROP ENCLOSED GEARS

This planter has a variable drop, consisting of gears constantly in mesh, and with this device, two, three or four kernels can be planted as desired, by merely shifting the foot lever.

Practically all other so-called Variable Drop planters are only SEMI-VARIABLE—i. e., they vary the number of kernels of grain, in hilling, but do not vary the distances in drilling.

This is a FULL VARIABLE DROP planter, both for HILLING and DRILLING, as it also varies the distance in drilling as well, giving a greater variety of distances than the ordinary planter and without the use of extra sprockets and plates.

All corn plates on the No. 999 Planter have 16 cells. Therefore, we get the same drilling distances with this plate as can be obtained on other planters with the 8, 12 and 16 cell plates without change of plates.

When you want a planter that is scientifically and mechanically correct, that will drill or check corn accurately, be sure you come in and investigate the merits of the

The Union Sunday School at the school house seems to be progressing nicely under the efficient Superintendency of W. L. Byrd. The house is more than full each Sunday afternoon. The house, however, is very small, capable of seating but a small number. The County Board of Education is being strongly urged to enlarge the building before the regular fall term of school as the children are sometimes very much crowded.

SOME FORMS OF RHEUMATISM CURABLE.

Rheumatism is a disease characterized by pains in the joints and in the muscles. The most common forms are: Acute and Chronic Rheumatism, Rheumatic Headaches, Sciatic Rheumatism and Lumbago. All of these types can be helped absolutely by applying some good liniment that penetrates. An application of Sloan's Liniment two or three times a day to the affected parts will give instant relief. Sloan's Liniment is good for pain, and especially Rheumatic Pain, because it penetrates to the seat of the trouble, soothes the afflicted part and draws the pain. "Sloan's Liniment is all medicine." PERSONAL PARAGRAPHS

Mr and Mrs. Wm. Johnson visited their daughter, Mrs. Tomlison at Nada this week.

Dr. Martin has just received a new buggy from the factory at Shelbyville.

Joe Mountz was in Lexington and Winchester Monday on business.

Several fishing parties have been out during the past week or two, but they report only moderate luck since the river was dynamited.

Shelby Martin and Austin Johnson have returned from Morehead, where they have been attending school.

Wm. Swope, gardener for the L. & E., has been working on the park here, and has it looking very pretty. A reward is being offered by the Railway for the conviction of anyone destroying the flowers or doing any other damage in the park.

Taulbee Mountz made a business trip to Winchester Wednesday.

Mr. O. H. Mackey has been remodeling and repairing their home for the past few weeks, and has it nearly completed now. Three rooms have been added on the lower floor, the stairs removed to the inside of the building and the front given a coat of paint. It now presents a greatly improved appearance.

Squire J. A. Sewell is one of the busiest men in town these days, as he is now carrying the mail and attending to the baggage and freight at the depot, in addition to pumping for the water tanks.

The various candidates are hustling around now. Tuesday A. M. Lowe and B. F. Hatton, candidates for Representative, were in town. Both are confident of their nomination, and are busy putting in a few words with the voters. Marion Atkinson, of Stanton, candidate for Circuit Clerk, was also here shaking hands with the boys.

Rev. J. T. Adams, of Stanton, was here Tuesday on his return from Union Hall, where he

preached Sunday. Mr. Adams called at The Times office and gave us a nice order for printing.

Some of the young men are already feeling the call of the west for farm hands. Bert Hammons, Simpson Clemons and Roy Bowman left this week to seek their fortunes in Kansas, and others are talking of going.

Messrs. Mountz are now moving their stock of goods into their new building, and will be open for business there in a few days. The room has been painted and presents a neat and clean appearance.

H. G. Crabtree left Tuesday for Clay County where he will finish getting out a lot of logs that he and some other parties own there. He will be absent for another week.

More Girls.

Cliff Shimfessel is feeling good this week over the arrival at his home of a fine girl, and a pretty little girl has also come to stay with Mr. and Mrs. C. Flinchum.

Did You Miss Yours?

A number of Clay City citizens were compelled to do without their "mornin's morning" Sunday through no fault of their own, but through the "business" head of one of the city's residents. This gentleman on Saturday was given a sum something like \$21 with which he was told to come to Winchester and purchase a supply of whiskey. The money was given to him by a number of people who found it impossible to do without their drink. When the Saturday evening train returned to Clay City, the crowd at the station was disappointed when the gentlemen failed to show up. Later it was learned that he had purchased a ticket to Oklahoma, soon after his arrival in Winchester and departed for the golden west.—Winchester Democrat.

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst.

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

SPRING and SUMMER GOODS

Our Spring and Summer goods are now in stock. We invite you to call and see them. We handle new, up-to-date, honest merchandise at honest prices--the goods, quality and prices that will bring you back to our store when again in need of something.

Our aim is to keep, as nearly as possible, everything the people want, but if we haven't it we will get it for you. It will pay you to see what we have when in the market for

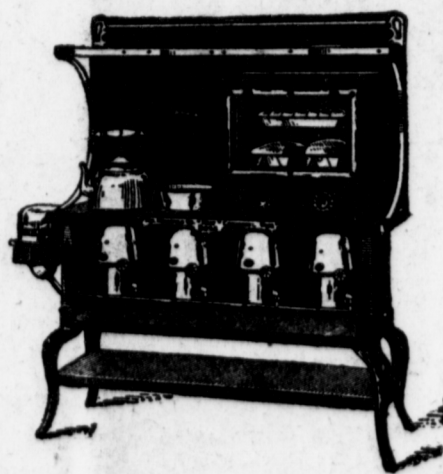

Dry Goods Notions, Millinery Womens' and Mens' Furnishing goods, clothing, hats, shoes, underwear, hosiery, furniture, wall paper, matting, linoleums, oil carpets, rugs, mattresses, bed springs, cots, beds, trunks, suit cases, hand bags, wood, coal and oil stoves, sewing machines, harness, saddles, hardware, queensware, paints, oils, varnishes, farm implements, seeds, buggies, wagons etc.

We are sole agents for the following lines:

Hart Schaffner & Marx mens' clothing; Queen Quality and Boston Favorite shoes for women; Walk-over shoes for men; Astor Brand mens' hats; Arrow Brand mens' shirts and collars; Pictorial Review patterns and Bain wagons. We have also a nice line of Stetson hats in both staples and young mens.

THERE'S A REASON for the great popularity of these lines. Try them and you will learn the reason.

HOW ABOUT A PIANO? Don't make the mistake of paying some agent a big profit on one. We will order you one on 30 days trial, and if not satisfactory will return it. If it suits you we save you a sum worth while on it.

You will appreciate a good oil cooking stove more during the hot summer days than at any other season of the year. Why heat up a hot wood or coal stove, as well as yourself, every time you want to cook, or even heat some water? Get one of our good oil stoves and have what fire you want in a minute, and when you are through have it out in less time, and not feel after cooking that you have also been cooked. We handle the "Boss" oil stoves and the "Boss" ovens.

MAN TAKES HIS OWN MEDICINE IS AN OPTIMIST.

He has absolute faith in his medicine—he knows when he takes it for certain ailments he gets relief. People who take Dr. King's New Discovery for an irritating Cold are optimists—they know this cough remedy will penetrate the linings of the throat, kill the germs, and open the way for Nature to act. You can't destroy a Cold by superficial treatment—you must go to the cause of the trouble. Be an optimist. Get a bottle of Dr. King's New Discovery to-day.
